

ANGELO HOLMES

📍 Cape Town, South Africa 📞 064 770 4082 ✉ holmes.angelo@gmail.com

Professional Summary

Accomplished Senior Software Quality Assurance (QA) & DevOps Engineer with over 10 years of progressive experience spanning enterprise SaaS, PropTech, online gaming, and complex legacy-adjacent insurance products. Skilled in building QA functions from the ground up, mentoring teams, and delivering high-quality software in Agile frameworks. Technically proficient with modern automation frameworks including Playwright, TypeScript, Cypress.io, and SpecFlow (BDD). Passionate about continuous learning, test automation, and driving the technical growth of cross-functional teams to ensure reliable, 100% on-time project delivery.

Key Skills & Tools

Testing & QA: Automation & Manual Testing, STLC, SDLC, Defect Management, Regression Testing, UAT.

Automation & Scripting: Playwright, TypeScript, Cypress.io, SpecFlow (BDD), Selenium WebDriver, AIQ.

Languages & Frameworks: JavaScript, C#, HTML5, React, Angular.

API & Backend: Postman, Swagger, Microsoft SQL Server, Azure SQL, MongoDB, Data Validation.

DevOps & CI/CD: Azure DevOps, Pipeline Configuration, Git, App Insights, Infrastructure Validation.

Tools & Methodologies: Jira, Agile, SCRUM, Adaptavist Test Manager, BDD.

Professional Experience

Senior QA Automation Engineer

February 2025 – May 2026

GenasysTech (Warp) | Cape Town, South Africa

- Designed and implemented a robust enterprise-level automation layer for a complex, legacy-adjacent insurance product.
- Built and maintained a modern testing framework utilizing Playwright, TypeScript, and Cucumber (BDD) from the ground up.
- Collaborated closely with cross-functional teams to integrate test automation, significantly improving deployment reliability and QA efficiency.
- Leveraged enterprise-level QA and DevOps expertise to streamline testing cycles and prepare infrastructure for future scalability.

QA Engineer

April 2024 – February 2025

Fraxion (Spend Management Software) | Cape Town, South Africa

- Led API integration testing, ensuring seamless service communication within the Spend Management platform.
- Developed and executed test cases validating request/response structures, authentication, and data integrity.
- Collaborated with developers and product teams to identify and resolve API-related issues.
- Improved test coverage and efficiency by refining QA documentation and processes using Postman, Azure, and SQL.

QA Engineer III

December 2021 – October 2023

MRI Software (AI & Machine Learning Division) | Cape Town, South Africa

- Acted as sole QA for an AI-driven Forms Recogniser application, establishing core QA processes for a new team.
- Performed backend and integration tests via SQL, Azure, and Postman; tested deployment pipelines across multiple environments.
- Built automated scripts using AIQ (Selenium + JavaScript) managed through Git repositories.
- Supported DevOps tasks including infrastructure validation and CI/CD pipeline testing, coordinating with US-based leadership.

Software QA Manager & Specialist QA Roles

August 2010 – July 2019

DigiOutsource | Cape Town, South Africa

- **Software QA Manager (2018-2019):** Led the Development QA portfolio, defined test strategies, and achieved 100% on-time delivery with zero financial losses. Managed team recruitment and appraisals.
- **QA Team Lead & Analyst (2016-2019):** Oversaw QA for 30+ frontend websites, managed a team of 20 QA testers, and implemented standardized STLC processes adopted company-wide. Mentored members into leadership roles.
- **Technical Tester & Software QA Tester (2012-2016):** Contributed to project-focused QA, implemented ATDD/BDD frameworks, and managed the Software Support function for prompt bug resolution.
- **Functional Tester (2010-2012):** Executed functional and regression testing for digital gaming systems.

Early Career / Additional Experience

Player Host – ForwardSLASH (2009-2012) | **Customer Loyalty Agent** – Merchants - Dimension Data (2007-2009) | **Driver** – African Option (2007) | **Teller** – Absa Bank & Standard Bank (2005-2007) | **Outbound/Inbound Sales & Support** (2003-2005)

Education & Certifications

- **ISTQB Foundation Level Certified** (August 2016)
- **Marketing Management N5 Certificate** – Northlink - Protea Campus (July 2006)
- **National Senior Certificate** – Athlone High School (December 2002)
